**PETITION TO REVIVE PATENT APPLICATION—FAILURE TO PAY ISSUE
FEE UNINTENTIONAL (37 C.F.R. §§ 1.137(b) AND 1.316)**

1. Applicant hereby petitions for the revival of this application.
2. Nature of the Abandonment

In the communication from the PTO mailed December 11, 2007, it was noted that this application is abandoned for failure to pay the issue fee within the 3 month period from the date of the notice of allowance required by 37 C.F.R. § 1.316 (i.e., by November 16, 2007).

Upon receipt of the Notice of Abandonment, and after review of our docket system and file, we noted that a Request for Continued Examination (RCE), including a Supplemental Information Disclosure Statement (IDS), was mailed to the U.S. Patent and Trademark Office on October 30, 2007 by first class mail.

On December 21, 2007, we filed a Petition to Withdraw Holding of Abandonment Based on Evidence That a Reply Was Timely Mailed or Filed. In that Petition to Withdraw Holding of Abandonment, the undersigned attested to personally placing the RCE and supplemental IDS in a properly addressed envelope (box) and handing the box to a mail clerk for mailing.

Today, January 17, 2008, the box containing the Request for Continued Examination and Information Disclosure Statement mailed October 30, 2007 was returned to our offices as undeliverable. Although the filing was timely mailed, the filing was inadvertently mailed to: Mail Stop RCE, Commissioner for Patents, P.O. Box 1450, Washington, DC 20231 rather than Alexandria, VA due to an improperly prepared mailing label.

In light of the above, and in place of the Petition to Withdraw Holding of Abandonment filed December 21, 2007, we are filing this Petition to Revive Patent Application along with the appropriate petition fee and a copy of the RCE and Supplemental IDS dated October 30, 2007. Filed herewith is a Petition to Revoke the Petition to Withdraw Holding of Abandonment filed December 21, 2007. Also filed herewith is a newly executed RCE and supplemental IDS for this application. Copies of references for the supplemental IDS were filed electronically on January 8, 2008.

3. Date of Filing of This Petition After Abandonment

This petition is being filed within 2 months after the applicant was first notified of abandonment.

4. The delay in filing a Request for Continued Examination and Supplemental Information Disclosure Statement before the Issue Fee deadline of November 16, 2007 was unintentional. The entire delay from the due date until the filing of this petition was unintentional. 37 C.F.R. § 1.137(b)(3).

5. Payment

6. Petition fee (35 U.S.C. § 41(a)(7) and 37 C.F.R. § 1.17(m))

Application status is:

Small Entity

Petition Fee \$770.00

7. Payment of total fee:

Authorization is hereby made to charge the amount of \$770.00 to Deposit Account No. 19-4972.

Authorization to charge the RCE fee of \$405.00 to Deposit Account No. 19-4972 is included in the Request for Continued Examination.

Please charge any additional fees required by this paper or credit any overpayment to Deposit Account No. 19-4972.

8. Terminal Disclaimer

This utility application was filed on or after June 8, 1995 and no terminal disclaimer is required.

The Examiner is requested to review the entire file histories of these applications, including cited references, Office Actions, Responses, etc., and is asked to contact Applicant's Attorney if the Examiner would like the Applicant to supply copies of any or all of the information included in any of these applications. For any of these applications, if Applicant's Attorney is not contacted by the Examiner with such a request, then it will be assumed that the Examiner has reviewed or will review the file content of the application. The identification of the above-identified applications is not a waiver of secrecy for any of the applications.

Section 6. Copies of Listed Information Items Accompanying This Statement

NOTE: 37 C.F.R. section 1.98(a)(2) requires that any information disclosure statement filed under section 1.97 shall include: "A legible copy of: (i) Each U.S. and foreign patent; (ii) Each publication or that portion which caused it to be listed; and (iii) All other information or that portion which caused it to be listed, except that no copy of a U.S. patent application need be included . . ."

NOTE: The wording in section 1.98(a)(2)(iii) makes it clear that the requirement to submit a copy of each item of information listed in an information disclosure statement does not apply to the citation of a U.S. patent application. Notice of January 9, 1992, 1135 O.G. 13-25, at 14.

Legible copies of all items listed in Forms PTO/SB/08A and 08B (substitute for Form PTO-1449) accompany this information statement.

(complete the following, if applicable)

☒ Exception(s) to above:

U.S. patent citations are not included pursuant to the United State Patent and Trademarks Office's September 21, 2004 waiver of the copy requirement in 37 CFR 1.98 for cited pending U.S. patent citations when the patent citations are available in the USPTO's IFW system.

☐ Items in prior application, from which an earlier filing date is claimed for this application, as identified in Section 4.

☐ Cumulative patents or publications identified in Section 5.

Section 9. Concise Explanation of English Language Listed Information Items

NOTE: "Applicants may, if they wish, provide a concise explanation of why English-language information is being submitted and how it is understood to be relevant. Concise explanations are helpful to the Office, particularly where documents are lengthy and complex and applicant is aware of a section that is highly relevant to patentability or where a large number of documents are submitted and applicant is aware that one or more are highly relevant to patentability." Notice of April 20, 1992 (1138 O.G. 37-47, 38).

Applicants appreciate that the disclosure of such a large number of references may be burdensome on the Examiner. Most of the references have been cited either by the USPTO or by the Applicants in one or more of the related applications listed in Section 3 above, and therefore the Examiner may find such references to be relevant to examination of the subject patent application. References that were not cited in one or more of those related applications are among those highlighted with an asterisk (*) next to the reference in the column labeled "Highlight." Applicants are not submitting these references in an attempt to prolong prosecution or hide information that may be material to patentability. Applicants' attorney has reviewed the references and believes that none is more relevant to the subject patent application than the references already of record. Nevertheless, Applicants request that the Examiner perform an independent review of the references. In an attempt to facilitate the Examiner's review of the references, Applicants' attorney would direct the Examiner's attention to the highlighted references, which, out of the cited references, appear to be more closely related to the subject patent application.

Submission of any particular reference is not an admission that the reference is material to patentability or qualifies as prior art to one or more of the claims.
